

# LEARNING AND COOKING WITH INGRAM MICRO & VMWARE

Complete both your VSP and VTSP to earn a spot to attend a virtual cooking event. Each VSP and VTSP session is approximately 2-hours long. During each session our technical engineer will train and educate you on everything you need to know to pass your certification exam for that track.

## HOW TO PARTICIPATE

1. Register and attend both the VSP and VTSP boot camps for the specific solution you are interested in.
2. Pass the certification quiz. You will have time during the event to complete this!
3. Provide proof of your certification to the Ingram Micro team.
4. Get invited to the appreciation event and cook with us!
